Mission

To give parents, educators, and policymakers the information and tools which empower them to teach children the safe and healthy use of technology and the Internet.

Vision

To see generations of the world's children grow up safely using technology and the Internet.

- www.schooltube.com

Welcome to SchoolTube.com, a safe video sharing website exclusively approved by over a dozen National Education Associations for use in K-12 schools. Our mission is to provide educators and students a safe and fun video sharing environment to enhance their classrooms and their learning experiences. Through an innovative Chain of Accountability process, videos are student produced and moderator approved, thus producing a refreshing site that is appropriate for school use.

Launched in 2006, SchoolTube has grown to become the nation's largest teacher moderated video sharing website, dedicated to supporting educational institutions and all of their students to broadcast, and share original videos through a web experience.

Videos on SchoolTube show the possibilities of what can be done in a classroom and are a great learning and motivation tool for your entire student body. From sports to drama, assemblies to clubs, and academics to activities you are sure to find an assortment of new student and teacher created content on SchoolTube.com daily!

SchoolTube is for parents!

SchoolTube allows their kids to share media in a safe environment. Parents can keep up with current activities in their child's school and show off their child's talents and accomplishments.
